

### Chlorine Tablets

Slow dissolving 200g chlorine Tablets for sanitizing pool water. Use in skimmer baskets or floating dispensers.

### Application

Add Chlorine Tablets to floating dispenser, skimmer basket or automatic feeder to maintain the chlorine levels at 1-2mg/litre (ppm). Do not place directly onto pool liners or pool surfaces as localized bleaching may occur. A 200g tablet on dissolving will increase the chlorine level by approximately 1mg/litre per 100m<sup>3</sup> pool water.

### Storage & Handling

Store in a cool, dry place away from oxidizing and reducing agents, strong acids and alkalis, solvents and other organic materials. Do not mix with other chemicals. Always wear suitable gloves and eye protection when handling chemicals.

### Warning

This container must not be used for or contaminated with other materials.

## Large Chlorine Tablets

Trichloroisocyanuric Acid, dry  
EC LABEL EC No. 201-782-8.

**Harmful if swallowed. Contact with combustible material may cause fire. Contact with acid liberates toxic gas. Irritating to eyes and respiratory system. Very toxic to aquatic organisms, may cause long term adverse effects in the aquatic environment.**

Keep container dry. Keep out of the reach of children. In case of contact with eyes, rinse immediately with plenty of water & seek medical advice. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). In case of fire or explosion do not breathe fumes. This material and its containers must be disposed as hazardous waste. Avoid release to the environment. Refer to special instructions/safety data sheet.
